PARTENAIRES

SCIENCES ÉCONOMIQUES
ET SOCIALES DE LA SANTÉ
ET TRAITEMENT DE
L'INFORMATION MÉDICALE

Jeudi 12 octobre 2017

8h30 – ACCUEIL DES PARTICIPANTS

9h00 - 9h20 – INTRODUCTION

**Valérie Depraetère-Ferrier (SIRIC), Roch Giorgi (AMU-SESSTIM), Julien Mancini (AMU-SESSTIM),
Pascale Bourret (AMU-SESSTIM)**

**SESSION 1 – RECHERCHES EN COMMUNICATION DE LA SANTÉ : TRANSFERT VERS LA
CLINIQUE**

Discutants : **Roch Giorgi (AMU-SESSTIM), Marie Bannier (Institut Paoli-Calmettes)**

9h20 - 11h50 – Intervenants invités

- **Kirsten Mc Caffery** (University of Sydney, Australie)
Achieving Shared Decision Making for all: how well are we doing and how can social science research help us do better?
- **Glyn Elwyn & Marie-Anne Durand** (The Dartmouth Institute for Health Policy and Clinical Practice, États-Unis)
The huge potential of shared decision making, if done exceptionally well
- **Nora Moumjid** (Université Claude Bernard, France)
How shared decision-making is evolving in France and where we can be?

10h50 - 11h20 – PAUSE CAFE

11h20 - 12h20 – Communications sélectionnées

- **Aurore Pélissier et al.** (Université de Bourgogne-Franche-Comté, France)
Next-generation sequencing in clinical practice: from the patients' preferences to the informed consent process
- **Ariane Plaisance et al.** (Université Laval et Centre de recherche de l'Hôtel Dieu de Lévis, Canada)
Evaluation of a context-adapted decision aid supporting critically ill patients' decisions about life-sustaining therapies: a pilot project
- **Marie-Anne Durand et al.** (The Dartmouth Institute for Health Policy and Clinical Practice, État-Unis)
Comparative effectiveness of encounter decision aids for early stage breast cancer surgery across socioeconomic strata: study protocol

12h20-13h30 – BUFFET

SESSION 2 – COLLECTE D'INDICATEURS PSYCHOSOCIAUX ET RECHERCHES INTERVENTIONNELLES : IMPACT SUR LES PRATIQUES MÉDICALES ET LES POLITIQUES PUBLIQUES

Discutants : **Anne Gaëlle Le Coroller-Soriano** (INSERM, SESSTIM), **Olivier Chinot** (AMU, AP-HM)

13h30-15h00 – Intervenants invités

- **Sandrine Halfen** (INCa, France)
Acting on cancer and its determinants through evidence-based data: from basic research to interventional research in human and social sciences
- **Eveline Bleiker** (The Netherlands Cancer Institute, Pays-Bas)
How to identify psychosocial problems encountered by patients undergoing genetic testing? The development and use of a PROM in genetic counselling for cancer
- **Julien Mancini** (Aix-Marseille Université, SESSTIM, France)
How to improve patient's information? Methodological challenges to reconcile research and action

15h00 - 15h30 – PAUSE CAFE

15h30 - 16h10 – Communications sélectionnées

- **Margareth Zanchetta et al.** (Ryerson University, Canada)
French media and ideas about prostate cancer: Insights for public education
- **Pierre Gagnon, Francois Tardif et al.** (Université Laval, Canada)
Challenges in the development, implementation, and diffusion of a delirium screening tool in health services: The story of the NU-DESC

16h15 - 17h00

TABLE RONDE – ASSOCIATIONS DE PATIENTS ET RECHERCHE EN SHS : QUELLES RELATIONS ?

Présidée par **Dominique David** (Association ARTC),

Participants : **Eve Bureau** (Anthropologue, SESSTIM), **Jean-François Moulin** (Oncologue, IPC),

Représentant comité de patients de l'IPC

La table ronde se déroulera en français

20h – DÎNER DE CONFÉRENCE

Réservation nécessaire, prix : 40€

Restaurant : Albertine Passadat

Les Docks Village, entrée D

10, place de la Joliette

13002 Marseille

Réservation : <http://www.comnyou.net/en/module/evenements/inscription/shs-2017-74>

Vendredi 13 octobre 2017

SESSION 3 – RECHERCHES EN SOCIOLOGIE DE LA SANTÉ : MISES EN ŒUVRES ET CONSÉQUENCES DES INNOVATIONS MÉDICALES

Discutants : **Alberto Cambrosio** (Mc Gill Université), **Anthony Gonçalves** (AMU, IPC)

9h30-11h00 – Intervenants invités

- **Teun Zuiderent-Jerak** (Linköping University, Suède)
Situated Intervention: Experiments with Standardization for Patient-Centered Care
- **Anne Kerr et al.**, (University of Leeds, Royaume-Uni)
Investing in the future: Making genomic medicine work in cancer care
- **Patrick Castel** (Sciences Po, CSO, France) & **Pascale Bourret** (Aix-Marseille Université, SESSTIM, France)
Organizing for innovation: exploring translational research in the making

11h00 - 11h30 – PAUSE CAFE

11h30-12h30 – Communications sélectionnées

- **Philippe Gorry et al.**, (Université de Bordeaux, France)
Social Recognition of a Medical Innovation: the Case of Interventional Radiology in Oncology
- **Nils Graber** (CERMES3, EHESS, France) & **Geidy Lorenzo Monteagudo** (Center of Molecular Immunology, Cuba)
Cancer/Immunotherapy and Family Medicine: Organizational and Professional Transformations in the Translation of Oncology Innovation within Primary Healthcare in Cuba
- **Philippe Terral** (Université Toulouse 3 Paul Sabatier, France)
Coordinating the expertise of social scientists, health professionals and patients in interventional cancer research: The issue of relationship fluidity and the extension of socio-technical networks

12h20-13h30 – BUFFET

SESSION 4 – RECHERCHES EN ANTHROPOLOGIE DE LA SANTÉ : APPORTS POUR LA PRATIQUES MÉDICALE DE L'IDENTIFICATION DES LOGIQUES SOUS JACENTES AUX COMPORTEMENTS DES PATIENTS ET DES PROFESSIONNELS DE SANTÉ

Discutants : **Sylvie Fainzang** (INSERM, Cermè3), **Thérèse Aurrant-Schleinitz** (IPC)

13h30-15h00 – Intervenants invités

- **Rose-Anna Foley** (Haute Ecole de Santé Vaud, Suisse)

Elderly patients treated with chemotherapy: how the person's "rocky path" can be of use to medical end of life practice

- **Aline Sarradon-Eck** (SESSTIM, France)

An anthropological approach of Tamoxifen: what conclusions for medical practice?

14h30-15h20 – Communications sélectionnées

- **Barbara Morsello** (University of Roma Tre, Italie)

The light beyond biology. Sociological perspectives on breast cancer

- **Cinzia Greco** (University of Manchester, Royaume-Uni)

Breast cancer in time. What a medical anthropological analysis can show about the uses of chronicity in early stage and metastatic breast cancer

15h20-15h30 – PAUSE CAFE

15h30-16h00 – CONCLUSION

Dominique Maraninchi (AMU, IPC)

Thursday 12 October 2017

8h30 – WELCOME TO PARTICIPANTS

9h00 - 9h20 – INTRODUCTION

Valérie Depraetère-Ferrier (SIRIC), **Roch Giorgi** (AMU-SESSTIM), **Julien Mancini** (AMU-SESSTIM),
Pascale Bourret (AMU-SESSTIM)

SESSION 1 – RESEARCHES ON HEALTH COMMUNICATION: TRANSLATION TO CLINICAL PRACTICE

Discussants: Roch Giorgi (AMU-SESSTIM), **Marie Banner** (Institut Paoli-Calmettes)

9h20 - 11h50 – Keynote Speakers

- **Kirsten Mc Caffery** (University of Sydney, Australia)
Achieving Shared Decision Making for all: how well are we doing and how can social science research help us do better?
- **Glyn Elwyn & Marie-Anne Durand** (The Dartmouth Institute for Health Policy and Clinical Practice, United-States)
The huge potential of shared decision making, if done exceptionally well
- **Nora Moumjid** (Université Claude Bernard, France)
How shared decision-making is evolving in France and where we can be?

10h50 - 11h20 – COFFEE BREAK

11h20 - 12h20 – Selected presentations

- **Aurore Pélissier et al.** (Université de Bourgogne-Franche-Comté, France)
Next-generation sequencing in clinical practice: from the patients' preferences to the informed consent process
- **Ariane Plaisance et al.** (Université Laval et Centre de recherche de l'Hôtel Dieu de Lévis, Canada)
Evaluation of a context-adapted decision aid supporting critically ill patients' decisions about life-sustaining therapies: a pilot project
- **Marie-Anne Durand et al.** (The Dartmouth Institute for Health Policy and Clinical Practice, United-States)
Comparative effectiveness of encounter decision aids for early stage breast cancer surgery across socioeconomic strata: study protocol

12h20-13h30 – BUFFET

SESSION 2 – COLLECTING PSYCHOSOCIAL OUTCOMES, INTERVENTIONAL RESEARCH: IMPACT ON MEDICAL PRACTICES AND SOCIAL POLICIES

Discussants: Anne Gaëlle Le Coroller-Soriano (INSERM, SESSTIM), **Olivier Chinot** (AMU, AP-HM)

13h30-15h00 – Keynote Speakers

- **Sandrine Halfen** (INCa, France)
Acting on cancer and its determinants through evidence-based data: from basic research to interventional research in human and social sciences
- **Eveline Bleiker** (The Netherlands Cancer Institute, Netherlands)
*How to identify psychosocial problems encountered by patients undergoing genetic testing?
The development and use of a PROM in genetic counselling for cancer*
- **Julien Mancini** (Aix-Marseille Université, SESSTIM, France)
How to improve patient's information? Methodological challenges to reconcile research and action

15h00 - 15h30 – COFFEE BREAK

15h30 - 16h10 – Selected presentations

- **Margareth Zanchetta et al.** (Ryerson University, Canada)
French media and ideas about prostate cancer: Insights for public education
- **Pierre Gagnon, Francois Tardif et al.** (Université Laval, Canada)
Challenges in the development, implementation, and diffusion of a delirium screening tool in health services: The story of the NU-DESC

16h15 - 17h00

ROUND TABLE – PATIENTS ASSOCIATIONS AND SSH RESEARCH: FOSTERING RELATIONSHIPS

Présidée par **Dominique David** (Association ARTC),

Participants : **Eve Bureau** (Anthropologue, SESSTIM), **Jean-François Moulin** (Oncologue, IPC),

Patients' committee of IPC

The round table will be in French

20h – CONFERENCE DINER

Booking mandatory, price: 40€

Restaurant: Albertine Passedat

Les Docks Village, entrée D

10, place de la Joliette

13002 Marseille

Booking: <http://www.comnyou.net/en/module/evenements/inscription/shs-2017-74>

Friday 13 October 2017

SESSION 3 – RESEARCHES IN MEDICAL SOCIOLOGY: IMPLEMENTATION AND IMPACT OF MEDICAL INNOVATIONS

Discussants: Alberto Cambrosio (Mc Gill University), **Anthony Gonçalves** (AMU, IPC)

9h30-11h00 – Keynote Speakers

- **Teun Zuiderent-Jerak** (Linköping University, Sweden)
Situated Intervention: Experiments with Standardization for Patient-Centered Care
- **Anne Kerr et al.**, (University of Leeds, United Kingdom)
Investing in the future: Making genomic medicine work in cancer care
- **Patrick Castel** (Sciences Po, CSO, France) & **Pascale Bourret** (Aix-Marseille Université, SESSTIM, France)
Organizing for innovation: exploring translational research in the making

11h00 - 11h30 – COFFEE BREAK

11h30-12h30 – Selected presentations

- **Philippe Gorry et al.**, (Université de Bordeaux, France)
Social Recognition of a Medical Innovation: the Case of Interventional Radiology in Oncology
- **Nils Graber** (CERMES3, EHESS, France) & **Geidy Lorenzo Monteagudo** (Center of Molecular Immunology, Cuba)
Cancer/Immunotherapy and Family Medicine: Organizational and Professional Transformations in the Translation of Oncology Innovation within Primary Healthcare in Cuba
- **Philippe Terral** (Université Toulouse 3 Paul Sabatier, France)
Coordinating the expertise of social scientists, health professionals and patients in interventional cancer research: The issue of relationship fluidity and the extension of socio-technical networks

12h20-13h30 – BUFFET

SESSION 4 – RESEARCHES IN MEDICAL ANTHROPOLOGY: HOW IDENTIFYING THE LOGICS BEHIND PATIENTS AND HEALTH PROFESSIONALS' BEHAVIOURS CAN CONTRIBUTE TO MEDICAL PRACTICES

Discussants: Sylvie Fainzang (INSERM, Cermè3), **Thérèse Aurrant-Schleinitz** (IPC)

13h30-15h00 – Keynote Speakers

- **Rose-Anna Foley** (Haute Ecole de Santé Vaud, Switzerland)

Elderly patients treated with chemotherapy: how the person's "rocky path" can be of use to medical end of life practice

- **Aline Sarradon-Eck** (SESSTIM, France)

An anthropological approach of Tamoxifen: what conclusions for medical practice?

14h30-15h20 – Selected presentations

- **Barbara Morsello** (University of Roma Tre, Italy)

The light beyond biology. Sociological perspectives on breast cancer

- **Cinzia Greco** (University of Manchester, United Kingdom)

Breast cancer in time. What a medical anthropological analysis can show about the uses of chronicity in early stage and metastatic breast cancer

15h20-15h30 – COFFEE BREAK

15h30-16h00 – CONCLUSION

Dominique Maraninchi (AMU, IPC)
